

ELITE TEAM ANNOUNCEMENT FOR 2010

Bullett Proof Baseball, the Niagara area's premier elite baseball organization, is proud to announce we will be fielding four elite travel teams for this coming 2010 baseball season. We will be holding **OPEN TRYOUTS** for each age group.

We will be hosting teams in the following age groups:

- 12u ,
- 14u
- 15/16 combined
- 18u Prospects teams

We believe that this progression of age groups allows our players to develop properly over a number of years so they are ready for the college or professional level once they reach the 18u team. Our philosophy is to teach a steady progression of the skill sets needed to play the game, with each of our coaching staffs on the 'same page' with the training of their age group. Baseball is a very intricate game to learn and by having the proper coaching and training at each level it allows our players to develop at the pace they need in order to succeed at the higher levels of the game..

If you look at the large number of graduating players we have sent to the college level. we have proven this method works!
